Subject: Richland Village: Buena Vista Township Discretionary aid program

Mike,

Please see attached request from Buena Vista Twp. Since the Township is unable to obtain Pinelands' approval, they want to explore possibility of using the Disc. Aid funds for the lighting. I plan to meet with them on 10/2/12 in field to investigate but if you have anything to offer, please advise. Thank you.

Hi Mr. Darji,

Thank you again for speaking with me today! Attached is our application. The project description is a bikeway project but unfortunately due to pending issues with Pinelands, we cannot complete the bikeway portion at this time. The Township would like to be able to adjust the last Line item (which is also the largest expense) listed for the project to increase the decorative lights and electricity, while decreasing the items we cannot complete. The lighting is a continuation of prior grants in the area that allowed for decorative lighting along Harding Highway in Richland. We would like to continue that same theme along the proposed bikeway area and around the parking areas that currently have no lighting. That would allow us to keep the bikeway plan in place for future consideration and also allow us to utilize the current funding to complete the much needed lighting in that area. We have a Township meeting tonight where I will ask them for approval if you let me know it is alright to proceed.

Thank you so much for your consideration and anything that you could do to help is greatly appreciated,
