Dear Mr. Demitroff,

Please be advised that I was not able to locate any records of permits issued to Buena Vista Township for the subject location. I have also checked with our Regional Local Aid Bureau and was advised that they do not have any knowledge of this project. Thank you for bringing this matter to my attention. I will ask our Field Inspector to investigate this issue.

Should you have any further questions please do not hesitate to contact me.

Dear Mr. Uzlyaner,

I am forwarding a PDF-file formatted request seeking proof that Buena Vista Township has required permits for current redevelopment work along the US Route 40 corridor, Atlantic County, NJ. Thank you for your consideration.

Sincerely,
Mark
