RE: Buena Vista Township-Overpayment

Dear Mr. Gladwell:

Please be advised that I am the Solicitor for Buena Vista Township. It is my understanding that you have had discussions with Dawn Gorman, the Township Administrator, in regard to repayment of a check that was sent to you in error and should not have been cashed. Ms. Gorman informs me that she had worked out a payment plan with you and that, unfortunately, that payment plan has not been kept up.

I recently learned that the discussions between the two of you have broken down wherein you have indicated to her that payment to Buena Vista Township would be the last payment you would be making each month. You would be paying all of your other monthly payments before the return of the Township's money.

We have tried working with you, you have had the use of the Township's money for five years, and that the Township's check should not have been cashed and should have been returned to the Township, in essence you have failed to make proper disposition of that which did not belong to you. I have tried to allow the Township Administrator and you to work this out but that does not appear to be working.

Please contact me in the attempt to come up with a better solution to this situation. If I do not hear from you within the next ten days I will assume you have no interest and will take all legal means and methods that we deem appropriate to rectify this situation and bring some amount of

justice to the Municipality. Obviously based on our past actions this is the last resort but apparently you are giving us less and less options.

Thank you for your anticipated cooperation.

Very truly yours,

Mark H. Stein
